

DIRECTIONS:

This is a highly concentrated product. Do NOT use without diluting.

It is recommended to set the dilution at between 120:1 and 200:1 dilution.

Dilutions may vary depending on water quality and desired effect.

Foam should have the consistency of wet shaving cream.

TRIPLE FOAM WAX

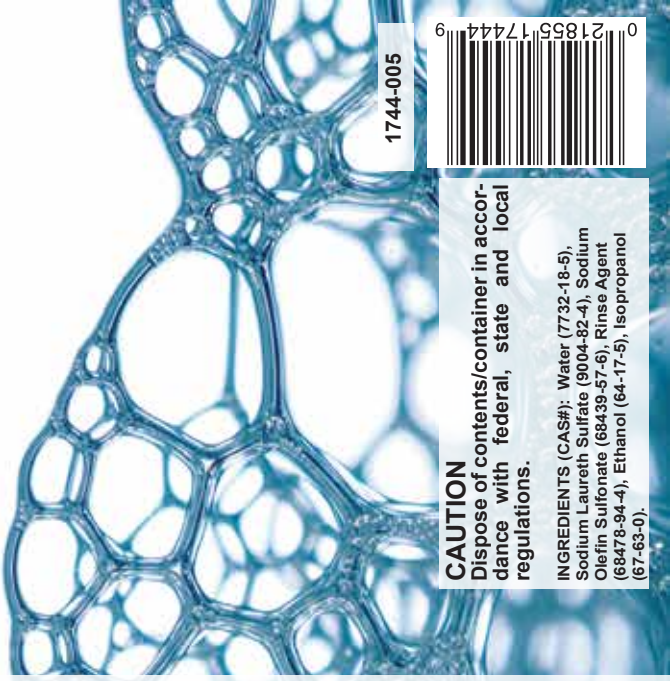

Concentrated Foam Wax

CAUTION
KEEP OUT OF REACH OF CHILDREN
Net Contents: 5 gal (18.93 L)

Triple Foam Wax is a high foaming, concentrated foam wax for use in car wash systems. It provides a foam with vibrant colors while leaving a protective coating on the vehicle.
