

Cleaning Technology for Highway and Transportation Maintenance

Citrus TAGR 0251

Tar, Asphalt, and Graffiti Remover

Citrus TAGR is a biodegradable tar, asphalt, and graffiti remover that also removes paint, ink, glue, mastic, and other adhesives.

Citrus TAGR penetrates and removes graffiti from hard-to-clean surfaces such as brick, concrete, and cinder blocks.

Citrus TAGR has a pleasant citrus fragrance and is non-hazardous. It rinses clean with no leftover film.

Road Salt Neutralizer 1470

Removes Road Salt Residue

Road Salt Neutralizer removes the chalky residue left behind by ice melting products. If left untreated, these road salts can harm and corrode surfaces.

Road Salt Neutralizer safely and quickly neutralizes and removes these salts without harming the surface.

Road Salt Neutralizer can be used on:

Floors: Use in mop water to remove salt residues.

Carpets: Use in a carpet extraction machine to prevent staining.

Vehicles & Equipment: Spray on with a pump-up sprayer or through Detco's **Undercarriage Cleaner** to prevent corrosion.

Undercarriage Cleaner EQASE0019

Cleans the undercarriage of vehicle with just 5 1/2 inches of clearance.

Attaches quickly and easily to your pressure washer.

Easy handling and maneuverability.

Approximately 8 square feet of coverage area.

4 nozzle rotating stainless steel assembly.

Withstands pressures up to 4000 PSI and temperatures up to 250 degrees F.

Removes snow, ice, salt, road grime, fuel, and oil contaminants.

Knocks off salt, condens, and grease buildup.

Keeps parts clean from dirt, thus prolonging life.

Provide clean work environment for technicians.

Aids in locating leaks.

Pro-Seal 1386

Vehicle Protectant

Pro-Seal prevents the bonding of cement, asphalt, bugs, and road film to vehicle and equipment surfaces by forming a hard, durable coating that will last up to 14 days.

Pro-Seal reduces the wash time on vehicles and reduces the amount of chemical that is needed to get the surface clean.

Pro-Seal can also be used as a release agent on equipment, concrete forms, and snow plow blades.

Prevent 1384

Rust Preventative, Lubricant, and Penetrant

Prevent is a permanently soft coating prepared from wool wax, specially refined petroleum oils, rust inhibitors, and other additives to impart excellent metal coverage.

Prevent is highly effective in providing control against rust in areas of high humidity and hostile environments that would break down normal rust inhibitors such as marine or corrosive industrial environments.

Prevent provides lubrication when used on hinges, conveyers, winches, locks, wire rope, chains and other moving parts.

Lemon Truck Wash 0992

Heavy-Duty Truck Wash

Lemon Truck Wash is an economical vehicle wash that will remove dirt, grease, grime, bugs and road film without heavy scrubbing. It rinses easily and will not leave any residue or film behind.

Lemon Truck Wash can also be used to clean equipment, machinery and floors and is non-phosphate.

Lemon Truck Wash can be used to wash vehicles alone or used with **Double Brite E** in a two step truck washing system.

Lemon Truck Wash can be diluted up to 64:1 with water.

Bypass Foamer EQL522 or EQL523

Stainless steel construction.

Double or triple chemical pickup available.

Faster product-rinse cycle.

Prolongs the life of pump and heating coil.

Better dilution control.

For use with 3.5 - 6 GPM pressure washers.

Since 1988, Detco has been manufacturing and distributing specialty chemical products. The Detco team aspires to create value for our customers through superior products, excellent customer service and competitive prices. Our customers have come to rely on the Detco name and recognize the company as a leader in specialty chemical products.
